Viol REPLY TO
ATTENTION OF

Mr. Nick Papadakis
Executive Coordinator
Pajaro River Watershed Flood Prevention Authority
P.O. Box 809
Marina, California 93933

Dear Mr. Papadakis,

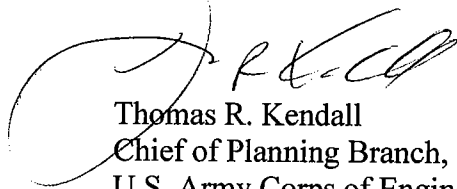

Thank you for your letter of February 25, 2008 stating the Pajaro Watershed Flood Prevention Authority's (FPA's) interest in participating in the Pajaro River Watershed Study (the study) as the non-Federal sponsor. We look forward to working with you and understand that your specific interests are currently along the San Benito River and that your role needs to be consistent with AB807.

Please note that, from the Corps's perspective, the scope of the study is still very open and is subject in large part to the desires of your organization as the local sponsor. The study can examine traditional Corps mission areas such as flood risk management and ecosystem restoration with a goal of identifying a Federal interest in implementation of projects. Alternatively, the study can be used to look at broader planning issues, including those where the Corps is less likely to be a cost-sharing participant in implementation, for example, ground-water recharge and water supply. The decision is your; so we will need to learn more about where you would like to see the study focus.

Unfortunately, we do not have funding in the current (Fiscal Year 2008) budget for this effort. However, if you would like, we can investigate nominal reprogramming of Federal funds to potentially accomplish a first phase scope (Project Management Plan) and the signing of a partnership agreement. This would be attempted as soon as practicable in anticipation of Federal and state appropriations in a subsequent fiscal year to begin the 50-50 cost-shared basin feasibility study in earnest. Please note that any reprogramming request would require approval of the Congressional Appropriations committee and that, absent appropriations, our involvement will need to be very limited.

Again, we look forward to partnering with you on this study. If you have any questions on appropriations or other matters, please do not hesitate to call me at 415-503-6822 or Nicole Ortega at 415-503-6734.

Sincerely,

A handwritten signature in black ink, appearing to read 'T. R. Kendall', written over the typed name.
