Hi

The Pajaro River Watershed Flood Prevention Authority (PRWFPA) requires quotes for audit services for a three year engagement (fiscal years ended 2017, 2018 and 2019). We are requesting that your firm review the attached FY 2015-2016 final draft audit and provide us with a quote, broken down by year, for providing similar audit services.

The Authority was established in July 2000 by State Assembly Bill 807 in order to “identify, evaluate, fund, and implement flood prevention and control strategies in the Pajaro River Watershed, on an intergovernmental basis.” The watershed covers areas of four counties and four water districts and the Board is comprised of one representative from each of the eight following agencies:

- County of Monterey
- County of San Benito
- County of Santa Clara
- County of Santa Cruz
- Monterey County Water Resources Agency
- San Benito County Water District
- Santa Clara Valley Water District
- Santa Cruz County Flood Control and Water Conservation District, Zone 7

The Authority acts as a governing body through which each member organization can participate and contribute to finding a method to provide flood protection in the watershed and promote general watershed interests.

We will require your quotes no later than 4:00 PM March 27, 2017 in order to be considered. Submissions can be made by mail, email or hand delivered.

Here are the official, post office sanctioned addresses for PRWFPA
